CERTIFICATION	SAA, IC-4, RCM

DESCRIPTION:

NEW Premium architectural downlight with very attractive diffuser and 60° beam angle for an even spread of light and less glare. Essential for comfort and with no flicker in rooms with ceiling fans.

Very efficient 8w with high lumen output and high CRI, good heat dissipation and no UV. This light has three popular and practical colour output options which are adjustable by switch on the back of the light to Warm (3000k), Natural (4000k) or Bright (5000k). Lighting direction can be adjusted 0-30° for specific applications and to highlight special features. Fully dimmable.

Recommended for general lighting applications in homes, offices, supermarkets, shops, schools, hotels as well as for public areas such as stairways, lobbies, reception areas, corridors etc.

FEATURES:

- More efficient with high lumens and high CRI
- Low glare architectural design
- Adjustable to 30°
- All three colours are attractive and usable in a variety of environments
- Warm (3000k), Natural (4000k) or Bright (5000k)
- Uniform light output
- 3 Year Warranty
- Long lifespan 50 000 hours
