70 mm 7 W Gimbal LED Downlight – Black, IP65

A sealed, low-glare 7 W downlight for a 70 mm hole, with a head you can aim, in matte black.

KEY FEATURES

- Head turns a full 360° so you can aim the light
- 60° beam for softer, low-glare light
- Sealed IP65 light – water and dust proof
- Choose 3000 K, 4000 K or 6000 K with a switch on the driver
- Dimmable 0–100% with a triac dimmer
- Fits shallow ceilings – needs only 45 mm of depth

IN THE BOX

- 1 × 7 W gimbal downlight (matte black)
- 1 × driver with push-fit terminals, joined to the light by a short lead

Certification: CE, IC-4, IP65, RCM

70 mm 7 W Gimbal LED Downlight – Black, IP65

ABOUT THIS PRODUCT

A sleek matte black gimbal downlight for 70 mm holes, with a head that turns a full 360 degrees so you can point the light exactly where you want it. The 60 degree beam gives soft, low-glare light for feature walls, kitchens, hallways and modern living spaces. The light is sealed to IP65 against dust and water, and fits shallow ceilings with only 45 mm of depth. Choose warm, natural or cool white on the driver, and dim it with a compatible LED dimmer.

MORE DETAILS

Efficacy	About 105 lm/W
Light source	COB LED
LED drive current	100 mA constant current
Surge protection	1.5 kV
Electrical class	Class II
Lights per run	Up to 20 (loop in, loop out)
Colour consistency	SDCM under 6
