GH-G5 3000k

5w Stainless Steel In-ground Light

KEY INFORMATION	
LUMEN OUTPUT	400w
POWER	5w
INSTALLATION	In-Ground
WARRANTY	2 Years
LIFESPAN	50000Hrs
IP RATING / IK RATING	IP67 / IK08
HOUSING COLOUR	Stainless Steel
OPERATING TEMP	-25°C ~ 50°C
PHOTOMETRIC	
EFFICACY	80Lm/Watt
COLOUR TEMPERATURE	3000k Warm White
DIMMABLE	Non-Dimmable
BEAM ANGLE	60°
CRI	90
ELECTRICAL	
INPUT VOLTAGE	DC 12V
CONSTRUCTION	
MATERIAL CONSTRUCTION	High grade, diecast aluminium body, 316 anti-rust Stainless steel surface
DIMENSIONS	ø55mm(w)x100mm(h)
WEIGHT	300 grams
CERTIFICATION	CE, L1

DESCRIPTION:

Professional-grade recessed LED in-ground light. Low voltage, 12V, with high efficiency.

It has a diecast aluminium housing with 316 stainless steel trim for excellent anti-corrosion and rust-proof performance and strength - IP65 and IK08.

Compact structure and waterproof - Suitable for buried installation indoor or outdoor.

Designed for versatile LED outdoor lighting in residential and architectural spaces. Perfect for deck lights, driveway lighting, garden pathways, steps, and feature wall illumination.

SUITABLE FOR:

- Commercial or domestic outdoor landscape applications
- Courtyards, walkways and garden paths
