

WL-18L 2CCT

18W Wall Light

DESCRIPTION:

Very striking, modern .5m long, aluminium black linear wall light with an appealing glow.

Unlike most side-lit fittings, this linear light uses back-lighting to deliver a more even, soft and attractive illumination. Side-lit fittings can give an uneven and unattractive lighting effect.

Constructed from durable diecast aluminium, the housing provides excellent thermal management for long-lasting performance and reliability and is IP65 water-resistant.

This wall mountable light is suitable for coastal areas and is flicker-free.

Elegant architectural look which is perfect for modern residential home exteriors, garages and commercial applications.

FEATURES:

- **Die-cast aluminium housing** provides excellent heat dissipation and long-term durability.
- **Selectable colour temperature (3000K / 4000K)** via an integrated slide switch.
- **IP65-rated** for reliable indoor and outdoor performance.
- **Integrated flicker-free LED driver** delivers smooth, comfortable illumination.

SUITABLE FOR: Indoor and outdoor area

MODEL	WATTAGE	LUMENS	EFFICACY	CCT
WL-18L 2CCT	18W	1500-1600Lm	Up to 89 Lms/Watt	2-CCT 3000+4000K

WL-18L 2CCT

18W Wall Light

KEY INFORMATION	WL-18L 2CCT
LUMEN OUTPUT	1500-1600Lm
POWER	18W
INSTALL	Wall Mount
LED DRIVER	Built-in Driver
DIMMING	Non-Dimmable
PHOTOMETRIC	
EFFICACY	Up to 89 Lms/Watt
COLOUR SELECTABLE	2-CCT: 3000K / 4000K
LIGHT SOURCE	2835 SMD
BEAM ANGLE	100°
CRI	≥80
ELECTRICAL	
INPUT VOLTAGE	AC220-240V
CONSTRUCTION	
MATERIAL CONSTRUCTION	Diecast Aluminium
SHADE/HOUSING	Black
IP RATING / IK RATING	IP65/IK03
WARRANTY	2 Years
LIFESPAN	50000Hrs
OPERATING TEMP	-20°C~45°C
DIMENSIONS	500x80x45mm
WEIGHT	0.69kg
CERTIFICATION	Global Mark, RCM
