Colour temperature	3000 K, or adjustable CCT 2700–6000 K
Colour rendering (CRI)	80 or higher
Beam angle	Back-lit (wall wash)
Dimmable	Yes, with an optional controller
IP rating	IP67
IK rating	IK08
Size	1020 × 70 × 45 mm
Weight	1.7 kg
Material	Die-cast aluminium and acrylic
Finish	Matte black
Operating temperature	−40 °C to +40 °C
Lifespan	50,000 hours
Warranty	2 years limited

Installation: licensed electrician required – see the installation guide. Keep your invoice for warranty.

Certification: CE, IEC, L1

1 m Black Linear LED Wall Light – Built-in 24 V Mean Well Driver, Warm or Adjustable White

ABOUT THIS PRODUCT

A long, slim black linear wall light that washes the wall with soft back-light instead of shining in your eyes, so the glow is more even and attractive than side-lit fittings. Made in 1 m and 1.5 m lengths, in 3000 K warm white or adjustable white from 2700 to 6000 K. The die-cast aluminium housing has a matte black finish, is corrosion resistant and sealed to IP67, so it suits house fronts, garages, courtyards and coastal homes. A 24 V Mean Well LED driver is built into the light, so it connects straight to 240 V mains with no separate power supply. The cable can come out of the wall at any height behind the light.

SIZES & VERSIONS

1 m, WL-24-WW-CCT	24 W, 1200 lm, 1020 × 70 × 45 mm, 1.7 kg, 3000 K or 2700–6000 K, CRI 80+, IP67, 240 V AC input, built-in 24 V Mean Well driver, 50,000 h, 3 years
