6 W Wi-Fi Up-Down Cube Wall Light – Colour + White, Black

ABOUT THIS PRODUCT

A smart black cube wall light that shines up and down in millions of colours or a soft 3500 K white. Control it from the Tuya Smart or Smart Life app, or by voice, to change colours, dim, group lights and set timers and schedules. It is ideal for patios, entertaining areas, feature walls and front entries where you want to set the mood. The aluminium body is sealed to IP65 for outdoor use, and the driver and Wi-Fi are built in, connecting straight to 240 V mains.
