8 W Up-Down Indoor LED Wall Light – White, Tricolour

ABOUT THIS PRODUCT

A soft, modern up and down wall light for hallways, living rooms, bedrooms and dining areas. Its rounded white shape casts gentle beams of light both ways for a warm, stylish feel. A switch on the back lets you choose warm 3000 K, natural 4000 K or cool 5700 K, and the light dims smoothly on a standard trailing edge (triac) dimmer with a flicker free driver. It is designed for indoor use only and connects straight to 240 V mains.

MORE DETAILS

Flicker	Flicker index 3% or less (no risk)
Driver efficiency	85% or higher
Surge protection	500 V line to neutral, 1 kV to earth
Electrical class	Class I (must be earthed)
Operating temperature	−20 °C to +45 °C
Glow wire rating	850 °C
