Blizzard DC Exhaust Fan & Light – Large

ABOUT THIS PRODUCT

The Blizzard Large is a quiet, energy-saving ceiling exhaust fan with a built-in 15 W tricolour LED light, for bigger bathrooms, laundries and kitchens. Its 40 W brushless DC motor moves up to 600 m³ of steamy air an hour while using far less power than a typical AC fan. Pick warm white, cool white or daylight with the switch on the fascia. Both 100 mm and 150 mm duct adaptors with back-draft shutters are included, and the fascia pulls off for easy cleaning. It is backed by a 5-year replacement warranty.
