IKUU Smart WiFi Outdoor PIR Sensor – White

Connects to 240 V mains – must be installed by a licensed electrician to AS/NZS 3000.

IN THE BOX

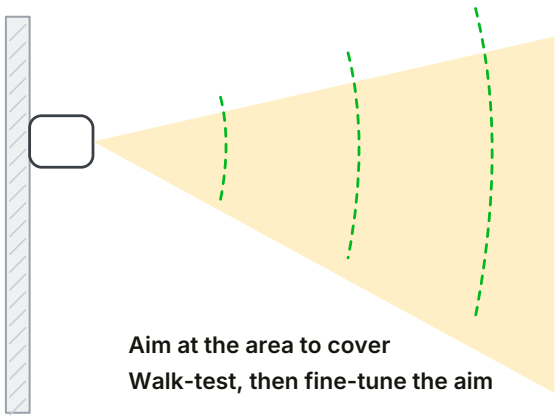

- 1 × IKUU smart outdoor PIR sensor (white)

YOU WILL NEED

- Electrician's tools
- Drill and wall plugs
- Phone with the IKUU app

BEFORE YOU START

- Check there is a strong 2.4 GHz WiFi signal where the sensor will go.
- Install the IKUU app and create an account.
- Add up the watts of the lights it will switch and check they are under the max. load (300 W for energy-saving lamps).

Aim at the area to cover
Walk-test, then fine-tune the aim

STEP BY STEP

1. Turn the power off at the switchboard.
2. Pick a wall spot that looks across the area to watch, out of direct sun and away from heat vents.
3. Fix the sensor base to the wall.
4. Wire the supply and the light circuit to the terminals as marked on the sensor (wire up to 2.5 mm²).
5. Close the cover so the seals sit tight (keeps IP65).
6. Turn the power on.
7. In the IKUU app tap +, then Add Device, and join your 2.4 GHz WiFi.
8. Set the mode to Auto and walk-test the sensor.

SETTINGS & USE

- Modes: On, Off, Auto (on with motion), 1-hour countdown (stays on 1 hour, then back to Auto).
- In the app: motion sensitivity, light (lux) level and on-time 10 s to 15 min.
- Turn on alerts or link it to other IKUU products with scenes and automations.

DO NOT

- Don't connect more than the max. load.
- Don't point it at heaters, vents, roads or trees that move in the wind.
- Don't use it on a 5 GHz-only WiFi network.

CARE & TROUBLESHOOTING

- Wipe the lens gently with a damp cloth.
- If it goes offline, check your WiFi; a WiFi extender may be needed outside.

Installation: Greenhse recommends that every product is installed by a licensed electrician to AS/NZS 3000 and local rules. Any work on 240 V wiring must be done by a licensed electrician. Incorrect installation can be unsafe and may void the warranty. **Warranty:** 3 years. Keep your invoice and the electrician's certificate of compliance. Questions? Call (08) 9297 2969 or visit greenhse.com.
