Zigbee Smart PIR Motion Sensor

Licensed electrician recommended. Indoor use only – keep it away from water, steam and smoke (not in bathrooms or kitchens).

IN THE BOX

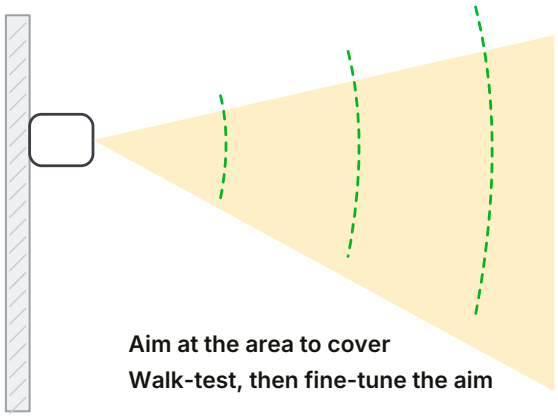

- 1 × PIR sensor with stand
- 1 × CR2450 battery
- 1 × reset pin
- 1 × instruction sheet

YOU WILL NEED

- Phone with the Smart Life app
- Zigbee gateway (ZI-GATEWAY)
- Reset pin (supplied)
- Strong double-sided tape (for wall fixing)

BEFORE YOU START

- Set up the Zigbee gateway in the Smart Life app first.
- Place the sensor within 10–30 m of the gateway.
- Choose a spot 1.6–1.8 m high, facing the area to watch.

Aim at the area to cover
Walk-test, then fine-tune the aim

STEP BY STEP

1. Fit the battery: unscrew the bottom cap, insert the CR2450, refit the cap.
2. The blue light stays on for 5 seconds – the sensor is powered.
3. Hold the reset button with the pin for 5 seconds until the blue light flashes fast.
4. In the app, open the gateway and tap 'Add sub-device', then choose PIR.
5. Wait until the app shows the sensor is added.
6. Stick the stand to a clean, flat wall with strong double-sided tape, or stand it on a shelf. Fit the sensor and aim it.
7. Walk past it – the blue light flashes once when it reports motion. Wait 1 minute between tests.

SETTINGS & USE

- Turn on push alerts in the app (max. one alert per minute).
- Link it to smart lights or sockets with an automation in the app.
- Motion history can be viewed in the app.

DO NOT

- Don't use outdoors or in wet or steamy rooms.
- Don't place it where heaters, air-con or sun shine straight on it.
- Don't place it more than 30 m from the gateway.

CARE & TROUBLESHOOTING

- Fit a new CR2450 when the app shows low battery.
- If it stops reporting, reset it with the pin and add it again.

Installation: Greenhse recommends that every product is installed by a licensed electrician to AS/NZS 3000 and local rules. Any work on 240 V wiring must be done by a licensed electrician. Incorrect installation can be unsafe and may void the warranty. **Warranty:** 1 year. Keep your invoice and the electrician's certificate of compliance. Questions? Call (08) 9297 2969 or visit greenhse.com.
